

MINIFOR TR50

0.5t Portable motorised wire rope hoist

Hoists are often used in conjunction with glass vacuum lifters and used for applications such as ground level shop front glass installation.

Faster than the TR30 and with a 500kg capacity, the TR50 hoist also boasts a 2.5m pendant control cable with emergency stop function.

We provide competitive rates on both short and long term hire on our material hoists.

Technical Specifications

Manufacturer	Minifor
Power Source	Mains
Lifting Capacity	500KG
Power	110 Volts

Features

- 2.5m remote cable as standard
- Long wire rope length
- Easy to use, lightweight and powerful
- Emergency stop function
- Quick installation
